Bill Sapp, Criticom President, Named to USO-Metro Board of Directors

Lanham, MD – December 17, 2009 – Ultra Electronics Criticom, the secure video communications experts, today announced that its president, William Sapp, was named to the Board of Directors of the USO of Metropolitan Washington. USO-Metro is a non-profit 501(c)(3) charity, which supports servicemembers and their families.

“I’m very honored to be involved with this outstanding organization that does so much for our servicemembers and their families,” said Sapp. “From their incredible programs at our military hospitals to the many family programs at USO outreach centers, USO-Metro is always there for our servicemembers, and Ultra Electronics Criticom is proud to support their efforts any way we can.”

About Criticom

From immersive telepresence operations command centers communicating with secure/nonsecure videoconferencing facilities, to secure video in the battlefield, Ultra Electronics Criticom is the secure video communications expert for government operations. Criticom’s ISEC™ product line of automated, fail-safe video communication security solutions is the secure system of choice across DoD. ISEC products are the only DISA-certified, automated solutions that work concurrently across both ISDN and IP networks. For more information, please visit www.ultra-criticom.com.
